

# PRESENTING THE SPACIOUS AND COMFORTABLE MAHINDRA XYLO.

**XYLO**  
THE TIME OF YOUR LIFE

CORPORATE ADVANTAGE

## LUXURIOUS SPACE AND COMFORT TO KEEP EVEN THE LONGEST LEGS HAPPY.

Long meetings. Long discussions. Long working hours. After a hard day's work, what your employees need is comfort and space. And that's exactly what we offer. The moment they step into the Mahindra Xylo, they'll experience the highest level of convenience and comfort. To begin with, the unprecedented legroom is spacious enough to keep the longest legs happy. Even on the longest of drives.

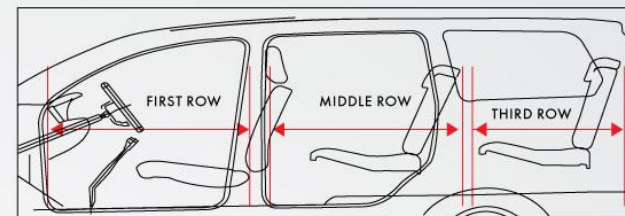

So if you're interested to keep your employees happy, keep their legs happy – all the way!

## THE UNPRECEDENTED LEGROOM

Keeps Legs In High Spirits, Miles After Miles.

The unprecedented amount of legroom is what anyone notices first. It's spacious enough to keep the longest legs happy. Throughout the drive. Truly, a unique feature, the so-called long cars can't even think to match.

	FIRST ROW	MIDDLE ROW	THIRD ROW
<b>XYLO</b>	<b>984</b>	<b>760</b>	<b>760</b>
INNOVA	997	710	620
TAVERA	990	750	700

• All dimensions in mm

## THEATRE STYLE SEATING

**Keeps All The Employees In Conversation, All The Time!**

Now it doesn't make a difference in which row your employee is sitting. The theatre style seating is designed in such a way that even those who're sitting in the third row stay in the conversation, throughout the entire journey. In short, gone are the days when the last row was reserved for those who came last.

What's more, the roomy bucket seats of Xylo offer the same comfort, space and pleasure as that of a 'business class travel'. Keeping all the employees happy. All the time!

## FLAT BED FRONT SEATS

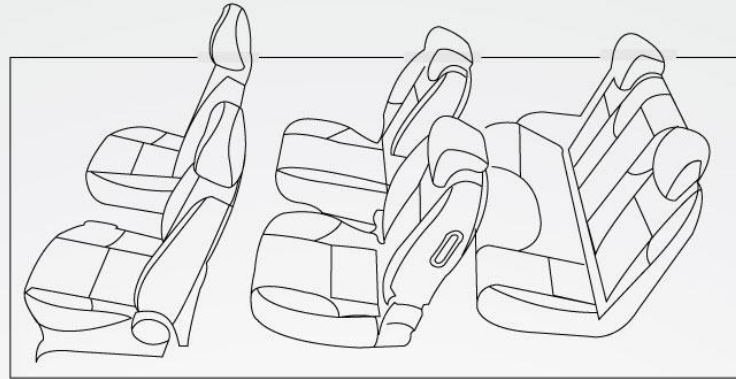

**Allow your employees to stretch. On drives that stretch on forever.**

You'll be happy and surprised to know that the flat bed front seats recline to degrees, unheard of in other cars. Allowing your employees to stretch and travel. Without any hassle, of course!

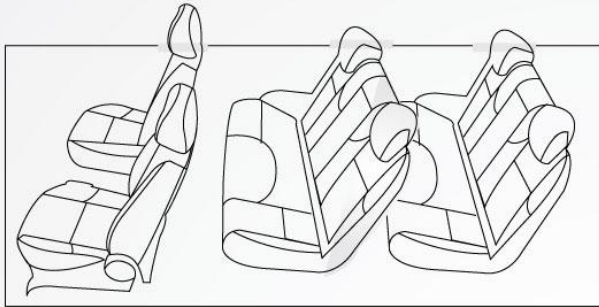

## DIFFERENT SEATING OPTIONS

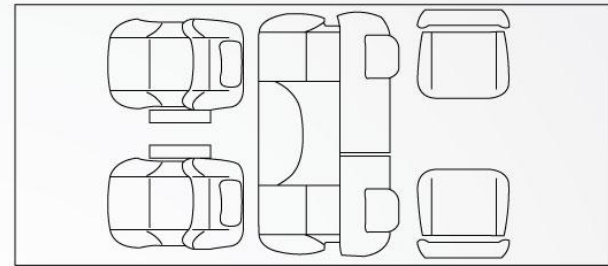

Xylo comes in with different seating options, which are 7 front facing, 7 side facing and 8 front facing. Our 'captain seat arrangement' in the second row needs a special mention, as it provides enhanced spacing and comfort. What's more, second row captain seats also feature seat recline. And the 60:40 split makes entry to the third row really simple and easy.

7 seater front facing (side view)

8 seater front facing (side view)

7 seater side facing (top view)

## XYLO MEANS 100% CONVENIENCE, 0% HASSLES.

Foldable flight trays pop up to take away snacks and gadgets off your employees' lap. Surround cool dual ACs keep your employees really cool, throughout the way. The 2-DIN audio system supports music in all the complicated new formats, and your employees will certainly find it fabulously simple to use. Mobile charging points keep them connected to the entire world. Well, that's not all! Individual reading lights help them catch up on their favourite novels, and storage under seat provides that extra space and convenience.

Foldable snack tray

Surround cool dual ACs

2-DIN audio system

Mobile / Laptop charging point

Underseat storage

Sunglass holder

Digital drive assist system

### DIGITAL DRIVE ASSIST SYSTEM Makes Xylo A Clear-cut Winner

Digital Drive Assist System (DDAS) is a special system that lets you monitor your Xylo's performance. It's so conveniently located that not just the driver, but even the passengers can see it. This system continuously monitors the vehicle's operations. And keeps your employees informed almost on everything, be it current speed, mileage, temperature or even humidity.

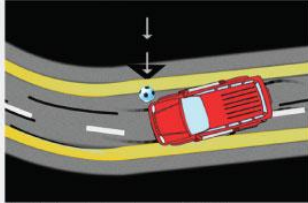

## SAFETY

Never Takes A Back Seat In A Xylo.

The Xylo comes loaded with a long list of safety and security features. Like the crumple zones that collapse and airbags that inflate to protect your employees during impact. The anti-lock brakes keep the car totally in control, while braking hard on slippery surfaces. What's more, seat belts on every seat, head rests on every row, rear windshield wiper, front & rear fog lamps, alarm system and defogger ensure that your employees reach home happy and safe.

Airbags

Anti-lock brakes (ABS)

Head rest on every row

Rear windshield wiper

Speed Monitor

Anti pinch power windows

IntelliPark reverse assist system

## THE INTELLIGENT ASSIST SYSTEM CLEARLY PROVES

That Xylo Is An Intelligent MPV.

The Xylo has made parking a lot easier, thanks to its intelligent reverse assist system. With advanced sensors in its bumper, now parking has literally become a child's play.

A pretty hi-tech feature that makes Xylo a pretty hi-tech MPV.

2498cc, 112 bhp mEagle CRDe engine

## TECHNOLOGY SO ADVANCED

That It Makes Other CARs Feel Outdated.

There's something really special under the bonnet of Xylo. And that's our 2498cc, 112 bhp mEagle CRDe engine, which makes sure that this powerful car always races ahead of others. And yes, when a burst of power is needed, the top mounted intercooler is always there to provide that extra thrust.

Dual pilot injection increases the Xylo's drivability scores, while advanced engine damping and hydraulic lash adjuster technology keeps the engine silent, throughout the drive. The remote transponder based immobilizer keeps your Xylo safe from those who really envy you, and want to somehow steal your priceless possession.

## STYLISH, BOLD AND SPIRITED.

That's Xylo For You.

The bodylines and contours are bold. While the snug headlamps and rounded edges give the MPV that racy spirited look. Clear lens headlights, broad doors, large glasses and chrome embellishments add that final touch of class.

## EXPERT SPEAK

By crushing the competition, Xylo has truly lived up to the expectations of experts. Read on to see the Xylo through their eyes.

### SPACIOUS AND COMFORTABLE INTERIORS

"While the new Innova offers great add-on bits, it still does not come up to the Xylo's level. The Mahindra MPV is new from the ground-up offering more options to Mahindra's thoughtful R&D team, which results in great bits that add a whole lot of value to the interiors. Light for the floor-board, aircraft style reading lights for individual benches and lunch trays - we stand impressed with the Xylo."

#### - ZIGWHEELS

"What the Xylo delivers is gargantuan space. Adding to the feeling of vastness in the Mahindra MPV are the big windows and their low sills. The Xylo is superbly comfortable. The front and the middle row buckets wouldn't feel out of place in your living room. The big surprise though is the third row which has generous width and legroom. Xylo is all set to up the benchmark in cabin space, passenger comfort and features like reverse parking assist which is a first in the segment."

#### - AUTO BILD

### SUPERIOR ENGINE AND PERFORMANCE

"What the Xylo is good at and beats the Innova hands down is in the off-roading department. The Xylo showed what good old torque and horse power can do, and did a 6.2 second 60 kph sprint. The Innova on the other hand had to stay in the Xylo's dust trail through the rev range and managed only 7.4 seconds for 60 kph. Start both cars from the same point and accelerate hard and you will realize that the Innova doesn't stand a chance as the Xylo rockets to its 164.9 kph top speed."

#### - BS MOTORING

"The Xylo can seat as many, cover distances at ease, can outperform the Innova effortlessly and it costs way less. 'Mahindra beat Toyota' is not something you would normally hear, but here it is. The Mahindra Xylo is a better buy."

#### - BS MOTORING

## CUSTOMER SPEAK

The customers are equally delighted with the powerful performance of Xylo. Here's what they feel about their favourite MPV.

"With the Xylo, they have made an Indian product at par with the Toyota Innova, at a very competitive price. The seating arrangement is excellent. The feeling of sitting on a higher pedestal than the owners of other cars, gives me immense satisfaction. In the city, I like small turning radius and the fact that it is as effortless to park as any other sedan makes Xylo really special for me"

**KIRAN D'CRUZ**  
(VICE PRESIDENT - RADIO ONE)

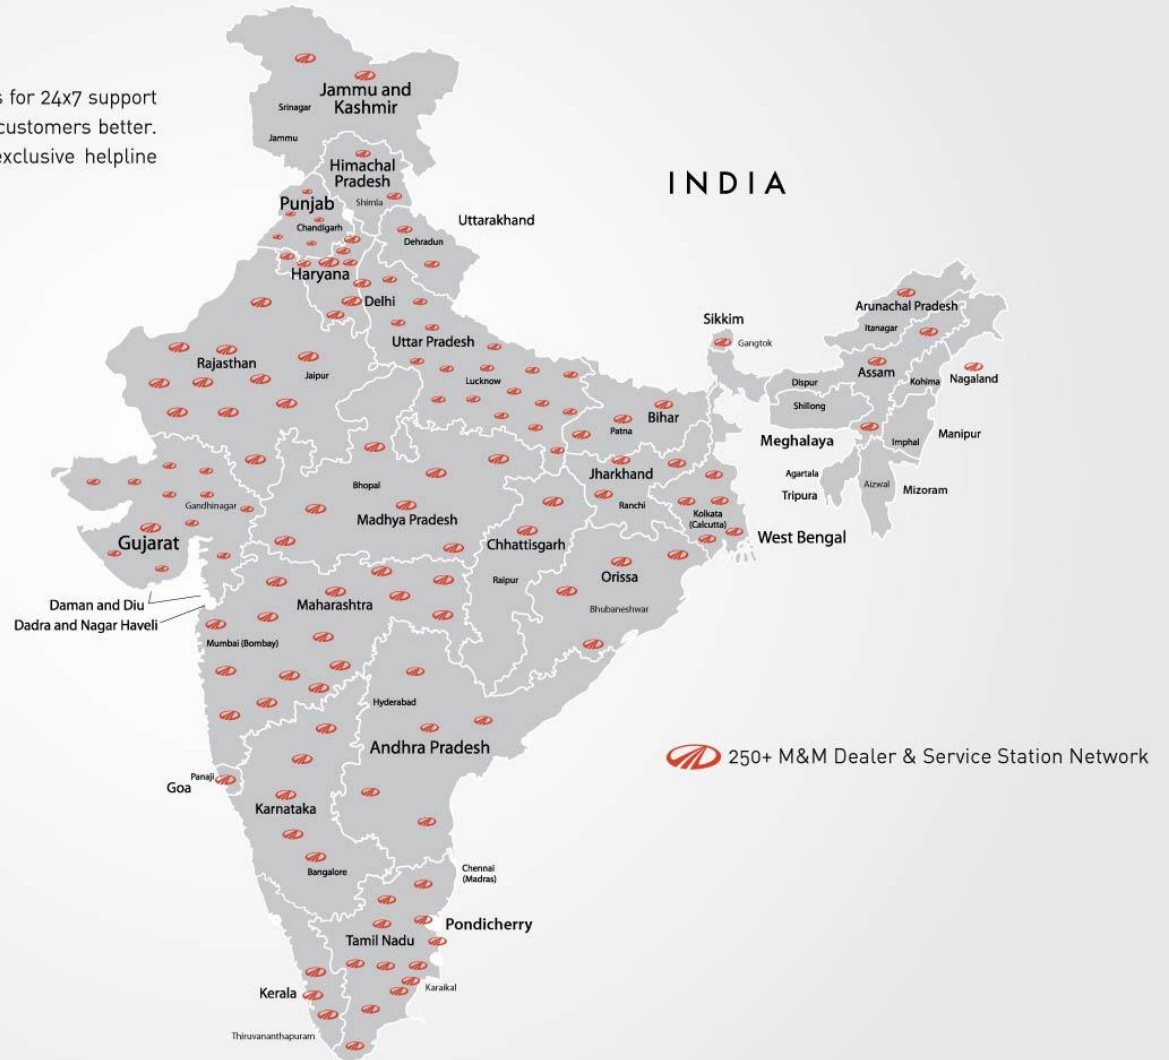

"I enjoy the pick up of this vehicle, especially in the rains. Even at 100 kph the grip on the road is unshakeable. The seating is upright, there are no jerks and you can see the road clearly. With the digital information display, it becomes easy to drive long distances, especially at night. You know exactly how far you can go on the fuel you have."

**DR. SHANTARAM GADGE**  
(RENOVED DOCTOR)

## WE'RE PRESENT. EVERYWHERE!

An extensive network of dealers across India, dedicated teams for 24x7 support and express bays for quick service have helped us serve our customers better. What's more, you can call us whenever you want on our exclusive helpline number and rest assured, we'll always be there to assist you.
